

About us

Founded in 1995, "**Friends of Sapelo (FOS)**," was created as a 501(c3) non-profit organization to support the research, education, and outreach missions of the island.

Sapelo Island is managed by the Georgia Department of Natural Resources, which includes the Sapelo Island National Estuary Research Reserve (SINERR), the University of Georgia Marine Institute and the RJ Reynolds Mansion State Park & Historical Site.

Come to a quarterly meeting or sign up as a visitor for one of our events & see if FOS is for you!

FRIENDS OF
Sapelo

Join us for:

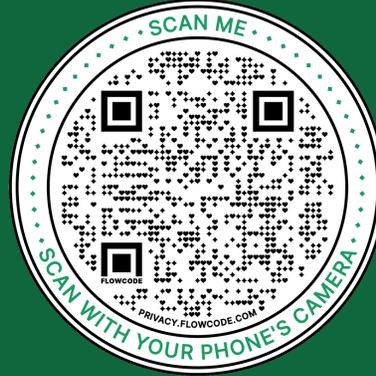

- Beach Clean-ups
 - Ecological Monitoring
 - Citizen Science
 - Holiday Decorating
 - Gardening
 - Trail Maintenance
- and much more!**

Friends have many opportunities throughout the year to participate in a variety of activities both on and off the Island!

You don't have to live on the coast to be a Friend of Sapelo!

Although many of the members live in and around McIntosh County, Georgia, our friends come from all over the United States and abroad. Currently, there are 140 active members and they represent all ages. Membership is open to anyone that appreciates the importance of preserving this beautiful natural resource.

BECOME A MEMBER TODAY!

\$ 10.00 Student
\$30.00 Individual
\$40.00 Family
\$200.00 Corporation

Friend events are for the whole family and range from an overnight stay at the Reynold's mansion for Christmas decorating to caring for new plants in SINERR's native demonstration garden!

Membership dues help to support a number of programs on the island- including purchases that support the Long Tabby Education and Research Lab at SINERR.
